Mesh Shade Top, 2 & 4 Door Bronco

Lay Mesh Top on top of vehicle. Ensure metal hooks are towards the front and are facing downward.

1. Align eyelet holes on Mesh Top over torx head bolts in front corner. Remove inboard factory bolt, pass bolt through eyelet and hand tighten. Repeat on outboard torx bolt.

2. Insert metal hooks into the 2 factory metal tabs.

3. Repeat Step 1 on the Passenger Side. **TIGHTEN ALL HARDWARE AT THIS TIME.**

Mesh Shade Top, 2 & 4 Door Bronco

4. Insert front corner strap into the round hole on the side of the roll-bar and tighten strap. Repeat on Passenger Side.

5. Connect cross bow pieces.

Install the middle Support Bow:

4-door, install cross bow using forward most hook and loop sleeve.

2-door, install cross bow using rear most hook and loop sleeve.

6. Secure the Support Bow to the roll-bar with either factory torx head bolt OR supplied turn knob.

Mesh Shade Top, 2 & 4 Door Bronco

7. Install the 3 rear straps around the soundbar and the 2 rear corner straps as shown below.

8. The flaps at the front corners can be secured open to maintain access to the windshield clamps.
