

INSTALL GUIDE

PIXEL ROCK LIGHT SINGLE COLOR

WARNING: By reading this document, I agree it is only to be used as an educational guide. Profile Performance nor its distributors make guarantees on any finished results, nor are they to be held responsible for any damage, misuse, or personal injuries. Use at your own risk. If you are unable to clearly understand and adapt the information below, professional installation is recommended.

WHAT'S INCLUDED

1x PIXEL ROCK LIGHT

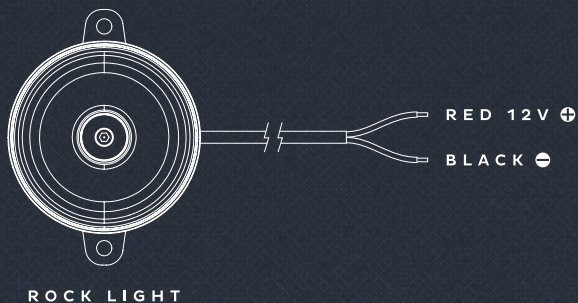

OPTIONAL COMPONENTS:

1x MAGNET MOUNT

WIRING PROCESS

Single color rock lights are intended for use on the exterior of vehicles. Use in other locations is possible, but be mindful that the heat of the rock light may cause melting of plastics to which they are mounted.

ASSEMBLY PROCESS

To fit the optional magnet mount, remove the screw from the center of the rock light, and replace it with the included extended screw. Then, thread on the magnet from below and tighten until snug.
